PROPOSED ORDINANCE

DESIGNATION OF COOK COUNTY AS A HYBRID ENTITY FOR THE PURPOSES OF COMPLIANCE WITH THE HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT

WHEREAS, the Health Insurance Portability and Accountability Act of 1996 (HIPAA) and its Rules (codified in the Code of Federal Regulations at 45 CFR parts 160 and 164, Pub. Law No. 10-191) impose privacy and security standards and requirements upon health plans, health care clearing houses, and health care providers that transmit any health information in electronic form in connection with standard transactions within the scope of HIPAA, otherwise known as Covered Entities; and

WHEREAS, Cook County (“County”), a unit of local government under the laws of the State of Illinois, is a single legal entity which conducts both Covered Functions and non-covered Functions; and

WHEREAS, the operation of the Cook County Health & Hospitals System (“CCHHS”) and the County’s patient arrestee program, self-insured health, dental, vision and pharmacy benefit plans as administered by the Department of Risk Management are Covered Functions subject to the HIPAA Privacy and Security Rules; and

WHEREAS, HIPAA allows a Covered Entity to designate itself as a Hybrid Entity when it performs both Covered and non-Covered Functions and to designate Health Care Components, which must comply with HIPAA; and

WHEREAS, a Hybrid Entity limits the Covered Entity’s potential liability by requiring only those departments designated as Health Care Components to comply with HIPAA; and

WHEREAS, HIPAA requires any entity that performs a function on behalf of a Covered Entity or a Health Care Component of a Hybrid Entity, which involves the use or disclosure of protected health information (“PHI”), shall be required to execute a business associate agreement (“BAA”); and

WHEREAS, the Cook County Board of Commissioners desires to declare Cook County a Hybrid Entity, designates the County’s Health Care Components; directs the Cook County Health System Board to designate a Privacy and Security Officer at the CCHHS and directs that the Director of Risk Management or his/her designee serve as the Privacy Officer and designate a Security Officer to ensure that the County’s patient arrestee program, self-insured health, dental, and pharmacy benefit plans are HIPAA compliant; and

BE IT ORDAINED, by the Cook County Board of Commissioners that Chapter 2 - ADMINISTRATION, ARTICLE XIV- HIPAA Compliance, SECTION 2-1020 - 2-1026- is hereby enacted as follows:

URGING THE STATE OF ILLINOIS TO ENACT OPIOID PRESCRIPTION LIMITS

WHEREAS, the opioid epidemic in our country has risen to extreme levels, causing the deaths of tens of thousands of Americans, and billions of dollars in economic costs; and

WHEREAS, according to the U.S. Department of Health and Human Services, in 2016 116 people died every day from opioid-related drug overdoses; and

WHEREAS, 42,249 people died from overdosing on opioids in that year alone; and

WHEREAS, of those deaths, 17,087 were the result of overdosing on commonly prescribed opioids; and

WHEREAS, the cost of these drugs totaled \$504 billion in 2016; and

WHEREAS, most recently, the state of Florida passed a bill to combat this crisis by instituting prescription limits on opioids and increasing funding for treatment; and

WHEREAS, Florida will be the 25th state since 2016 that has passed legislation that imposes some limits or guidelines on opioid prescriptions, and only the 3rd to create statutory limits of three or four days for Schedule II painkillers like OxyContin and Fentanyl; and

WHEREAS, Illinois is not one of the states with any of these imposed limits, and as a result the opioid epidemic remains relatively unchecked; and

WHEREAS, Pharmaceutical Research and Manufacturers of America (PhRMA) now supports policies limiting the supply of opioids for acute pain treatment; and

WHEREAS, PhRMA has concluded that too often, individuals receive a 30-day supply of opioid medicines for minor treatments or short-term pain, and that overprescribing and dispensing can lead to patients taking opioids longer than necessary or to excess pills falling into the wrong hands.

NOW, THEREFORE, BE IT RESOLVED, that the members of this board, as public servants to the residents of Cook County, urge the Illinois General assembly to pass comprehensive legislation to limit prescriptions to these opioids to five days in order to combat the crisis currently affecting our communities and state as a whole.

TO ADOPT THE GOOD FOOD PURCHASING POLICY

WHEREAS, Cook County strives to improve the health of all its residents through services and policies that promote health and well-being; and

WHEREAS, The Good Food Purchasing Program (GFPP) was developed in 2012 to encourage public institutions to procure food produced through values-driven purchasing standards and to support successful implementation through technical assistance and verification; and

WHEREAS, the Chicago Metropolitan Agency for Planning (CMAP) recommended the creation of sustainable local food systems in its *Go To 2040* Comprehensive Regional Plan; and

WHEREAS, the Cook County Commission on Social Innovation, through its internal procedure reviewed, and now recommends, the adoption of a Good Food Purchasing Policy; and

WHEREAS, the Cook County Commission on Social Innovation found that sustainable food is ecologically sound, economically viable, and socially responsible; and

WHEREAS, the Cook County Commission on Social Innovation found that the health and well-being of residents can be supported by the creation of a sustainable local food system; and

WHEREAS, good food is defined by GFPP as food that is healthy, local, fair, sustainable and humane, with foods that meet the dietary guidelines for Americans, provide freedom from chronic ailment and are delicious and safe, and where participating food suppliers are evaluated and held accountable for ensuring fair compensation and fair treatment of their workers, and that those workers are free of exploitation, and where Good Food is available to purchase for all income levels and high-quality food is equitable and physically and culturally accessible to all, and where food is produced, processed, distributed, and recycled locally using the principles of environmental stewardship (in terms of water, soil, and pesticide management); and

WHEREAS, good food values prioritize nutrition, affordability, geography, and sustainable production practices including sound environmental practices, fair prices for producers, safe and fair working conditions for employees, and humane conditions for animals; and

WHEREAS, good food purchasing refers to the sourcing and purchasing of foods and beverages, and food and beverage service contracts, procured by County Departments and Agencies; and

WHEREAS, in participating in the Good Food Purchasing Program, Cook County will help support a regional food system that is ecologically sound, economically viable and socially responsible, and will have an impact on the availability of local, sustainable food; and

WHEREAS, Cook County adopted the Social Enterprise Preference to create opportunities for businesses that address social needs and employ people who are mentally, physically, economically or educationally disadvantaged including people with arrest and conviction records and those facing significant employment challenges.

WHEREAS, there is a need to preserve urban and peri-urban farm land with equitable minority community ownership and control; and

WHEREAS, there exists in the food and composting industries limited diversity in the ownership, production and distribution channels; and

WHEREAS, there are significant barriers to entry into the food industry at the ownership level, including access to capital and information, expertise and relationships, resulting in a need for capacity building for disadvantaged and under-capitalized businesses; and

WHEREAS, there are a number of tax credits available at the federal, state, county and city level to incentivize investment in distressed communities and to hire very low- income employees, employees with past criminal records, etc.; and

WHEREAS, it is recognized that the significant buying power of public institutions across the country can reform the food system, create opportunities for smaller farmers and low-income entrepreneurs of color to thrive, provide just compensation and fair treatment for food chain workers, support sustainable farming practices, reward good environmental stewardship including limiting food waste and increasing composting, and increase access to fresh and healthy foods.

NOW, THEREFORE, BE IT RESOLVED, that Cook County embrace the Good Food Purchasing Program (GFPP) as a strategy to help improve our region's food system through the adoption and implementation of the Good Food Purchasing Standards, which emphasize the following values:

1. ***Local Economies*** – support small and mid-sized agricultural and food processing operations within the local area or region.
 - 1.A. ***Priority Communities***- Incentivize through GFPP bonus points purchasing food produced and/or processed for GFPP contracts from low-to-moderate income communities where at least 51% of households have incomes at or below 80% of the area median income (AMI), as defined by the U.S. Department of Housing and Urban Development. Priority will be given to communities that also have scores ranging between 30.1 and 82.7 on the University of Illinois at Chicago Great Cities Institute's Economic Hardship Index.
2. ***Environmental Sustainability*** — Support farmers employing sustainable farming practices by using the least toxic crop protectants reducing the use of synthetic pesticides and fertilizers;

utilizing antibiotics only when medically necessary; conserve and regenerate soil and water; protect and enhance wildlife habitat and biodiversity; and reduce on-farm energy consumption and greenhouse gas emissions.

3. **Valued Workforce** – provide safe and healthy working conditions and fair compensation for all food chain workers and producers from production to consumption
4. **Animal Welfare** – provide healthy and humane care for farm animals.
5. **Nutritional** – promote health and well-being by offering generous portions of vegetables, fruit, and whole grains; reducing salt, added sugars, fats, and oils; and by eliminating artificial additives.

BE IT FURTHER RESOLVED, that the following goals are also adopted and implemented as part of Cook County’s participation in the Good Food Purchasing Program (GFPP) to address ongoing inequities and issues caused by unequal access to access and resources. Cook County Departments and agencies are tasked with developing multi-year action plans that will address these inequities by pursuing one or more of these possible strategies:

- Encourage businesses to grow food organically and engage in bio-dynamic agriculture, developing incentives for Requests for Proposal reviews and other potential supports during the contracting period; and
- Encourage prospective food vendors to invest in and hire from Priority Communities by: 1) developing bonus scores for Requests for Proposal reviews for prospective vendors demonstrating a track record of hiring and investing in such communities; and 2) assisting prospective vendors in navigating tax incentives and other financial programs designed to increase investment in disadvantaged communities; and
- Encourage conveyance of publicly-owned vacant properties (land and buildings) to local minority owned and/or controlled social enterprises and/or community land trusts for urban agriculture and other food related enterprises in an equitable fashion by setting ownership goals for minority owned and controlled enterprises; developing incentives for Requests for Proposal reviews; exploring possibilities for technical assistance and financial assistance, including tax incentives; and
- Encourage hiring people with arrest and conviction records by developing incentives for Requests for Proposal reviews, exploring options for technical assistance and financial assistance, including tax incentives; and
- Engage local universities, social enterprises and small consulting firms with demonstrated expertise in providing technical assistance to emerging and/or disadvantaged businesses; and

BE IT FURTHER RESOLVED, that the Cook County Department of Public Health (CCDPH) convene a taskforce that includes all relevant Cook County Departments and Agencies involved in the procurement or service contracting of foods, including but not limited to, Offices under the President, the Office of the Chief Judge, the Juvenile Temporary Detention Center, the Office of the Sheriff, the Cook County Health and Hospital System, the Chicago Food Policy Action Council, the Center for Good Food Purchasing, and other relevant diverse stakeholders, and

BE IT FURTHER RESOLVED, that the taskforce recommend flexibility within each of these five value categories and the following steps in support of the purchasing of Good Food and as a framework for guiding values-driven purchasing:

1. Communicate Good Food Purchasing Standards to appropriate suppliers, including distributors and foodservice companies, and ask them to share data that will help the County complete a baseline Good Food Purchasing assessment of food procurement practices within 12 months of the adoption of this resolution.
2. After the baseline assessment has been completed, develop and adopt an multi-year action plan with benchmarks to measure success towards Good Food Purchasing Standards, diversity goals, and programs to support emerging producers and suppliers from Priority Areas and diverse communities including accountability systems with appropriate vendors/distributors to verify sourcing commitments and assess current food procurement practices within 6 months; and
3. After the baseline assessment has been completed, establish supply chain accountability and traceability systems with vendors/distributors to verify sourcing commitments and assess current food procurement practices within 6 months; and
4. To the extent permitted by law, following the multi-year action plan, after the baseline assessment has been completed, incorporate Good Food Purchasing Standards into new procurement requests and contracts within 6 months; and
5. Seek resources as needed to staff and implement the Good Food Purchasing Standards; and

BE IT FURTHER RESOLVED, that the taskforce reports its progress to the Health and Hospital Committee within 12 months of the adoption of this Resolution, and then report annually on implementation progress; and

BE IT FURTHER RESOLVED, that the taskforce will host an annual public hearing where diverse community stakeholders and residents can ask questions and provide feedback on implementation, including due diligence reporting data to verify compliance, measure progress, and celebrate successes; and

BE IT FURTHER RESOLVED, that the taskforce will engage and encourage municipalities, townships, schools, hospitals and other entities within Cook County to adopt the Good Food Purchasing Policy.

REPORT

Department: Department of Budget and Management Services

Report Title: Performance Based Management and Budgeting Annual Report FY2017

Report Period: 12/1/2016 - 11/30/2017

Summary: This report is to comply with the amendments to Article X of the Cook County Code (PERFORMANCE BASED MANAGEMENT AND BUDGETING), approved by the Cook County Board of Commissioners on June 29, 2016. The purpose of the amendments was to enhance the effectiveness of the annual budget process by establishing administrative units called “programs.” Amendments to Article X also created a new process for the submission of performance data.

“Programs” were identified for the purpose of being the primary building blocks of an agency’s or department’s budget request, making it possible to distinguish assigned employees and costs (i.e. inputs), and the resulting program performance metrics, i.e. outputs, outcomes, and efficiency.

Performance data submission was to take the form of an Annual Report, with submittals being due within 45 days of fiscal year end, by each County Department and Agency, and as part of its annual Budget Request, as described in Section 2-933. The President or his or her designee, the Budget Director, is to prepare a summary report of these values to be presented to the Board. This report is submitted for said purpose.

A motion was made by Commissioner Daley, seconded by Commissioner Sims, that the Report be referred to the Finance Committee. The motion carried.

PROPOSED RESOLUTION

A RESOLUTION SUPPORTING THE STATE OF ILLINOIS HOUSE BILL 4364 TO OFFER OPPORTUNITY FOR JUVENILE OFFENDERS SERVING LIFE SENTENCES THE CHANCE FOR PAROLE

WHEREAS, The U.S. Supreme Court ruled six years ago that sentencing schemes that require life sentences with no hope of parole for crimes committed by juveniles violated the U.S. Constitution; and,

WHEREAS, on May 6, 2018, the Injustice Project, in partnership with the Chicago Sun-Times, published an article stating that in Illinois more than 160 prisoners are serving life sentences for crimes they committed as juveniles, with virtually no hope of parole or early release under current law; and,

WHEREAS, Using Illinois Department of Corrections data, Injustice Watch examined the number of prisoners serving 50 or more years in prison who were taken into custody before their 18th birthday; and,

WHEREAS, Because Illinois almost entirely abolished parole in 1978, the 167 juvenile offenders do not get the same chance to show rehabilitation and change that they might get in other states. The only juvenile offenders with parole opportunities are the aging handful who were convicted before the law changed four decades ago; and,

WHEREAS, Courts across the country varied standards on what length of a prison term can legally be considered a life sentence, and whether and when they should be eligible for parole; and,

WHEREAS, At least 13 other states and Washington, D.C., have passed laws giving young offenders a chance to ask for parole release or a sentence reduction after first serving as few as 12 and as many as 35 years in prison, depending on the state and severity of the crime; and,

WHEREAS, The Illinois Senate Criminal Law Committee last month sent to the full Senate a bill that would permit inmates who committed crimes before the age of 21 the periodic chance to ask for parole, after first serving 10 years for lesser crimes and 20 years for first-degree murder or aggravated sexual assault; and,

WHEREAS, Research indicates that incarceration has a jarring effect on life expectancy, a study by Vanderbilt University Professor Evelyn Patterson found each year of incarceration likely reduces a prisoner's life expectancy by two years.

NOW, THEREFORE, BE IT RESOLVED, that the Cook County Board of Commissioners do hereby support and encourage the General Assembly of the State of Illinois in the passage of House

A motion was made by Commissioner Gainer, seconded by Commissioner Tobolski, that the Resolution be referred to the Legislation and Intergovernmental Relations Committee. The motion carried.
